HARASSMENT POLICY

The Craig School expressly prohibits any form of discrimination, harassment or bullying, including cyber-bullying, among students or among any members of The Craig School community based on race, color, sex, sexual orientation, gender identity, religion, age or disability, or other protected class or characteristic. Each student is responsible for respecting the rights of other students so that ours is an atmosphere free of intimidation, harassment or discrimination. This policy extends to conduct which occurs at school-sponsored events, through social media, through electronic communication, and off school grounds where it substantially disrupts or interferes with the orderly operation of the School or the rights of other students. Active or passive support for acts of harassment, intimidation, and bullying are also prohibited and may subject a bystander to discipline.

The School further prohibits sexual harassment. Sexual harassment has been defined as “unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when: Submitting to such conduct is made either directly or indirectly a term or condition of a student’s academic status; such conduct has the purpose or effect of unreasonably interfering with a student’s performance or creating an intimidating, hostile, or offensive environment.”

Sexual harassment may include but is not limited to:

1. Subtle pressure for sexual activity or for a relationship that takes on a sexual or intimate connotation
2. Any demeaning sexual proposition, name calling, written material, denigrating graffiti or images or inappropriate remarks, whether made in person, in writing or electronically
3. Unwanted touching in any form, or limiting one’s ability to move freely
4. Unwanted and non-consensual sex
5. Sexually explicit or suggestive remarks about a person’s attributes, clothing
6. Inappropriate personal questions
7. Joking, tormenting, or teasing of a sexual nature or because of an individual’s sexual orientation or identity
8. Any of the above posted on social media

Any student who feels that he/she is the subject of any form of harassment, or any behavior which violates this policy, should immediately bring such concerns to the attention of the Director of The Craig School High School, Dr. Cap.

The School encourages students who observe acts of discrimination, harassment, sexual harassment, intimidation, and bullying to report them to the appropriate authorities. Any student bystander who actively encourages acts of discrimination, harassment, intimidation, and bullying will also be subject to discipline. Reports may be made anonymously, although no disciplinary action will be taken solely on the basis of an anonymous report.

In response to the report of harassment, bullying, or discrimination, the School will conduct a prompt and thorough investigation of the alleged incident, and take appropriate corrective action if warranted, which may include interim measures during the period of investigation. To the extent consistent with adequate investigation and appropriate corrective action, The Craig School will use its best efforts to keep any complaints confidential.

Any reprisal or retaliation against a person who reports an act of harassment, bullying, or intimidation is prohibited.

CODE OF CONDUCT ACCOUNTABILITY AND RESPONSIBILITY

Our code of conduct follows a three tiered approach. The first tier is a student opportunity to address the situation. Second is parental awareness and involvement. Third and final tier is potential consequences including detention and potential suspension. Each offense is specific to one teacher/one class.

TARDINESS FOR CLASS:

- 1st offense: Teacher Warning
- 2nd offense: In-school detention TBD with that teacher
- 3rd offense: Follow Up with Parents

DISREGARDING TEACHER REQUESTS:

- 1st offense: Removal from class. Follow up conversation with teacher at a time designated by that teacher
- 2nd offense: Removal from class, Administrative follow-up
- 3rd offense: Removal from class, In-School Suspension, parent meeting

ACADEMIC INTEGRITY

To ensure the integrity of Craig High School's educational program, a strict adherence to our academic integrity policies will be enforced. A student, whether cheating alone or helping another person to cheat, will be subject to potential disciplinary action. Any student found to be in violation of this policy will receive an automatic F for the assignment. No make-up work will be permitted. Administration will determine if further discipline is necessary on a case by case basis.

DRESS CODE

School is a student's place of business so we expect our students to dress "neat and appropriate" during our school day as well as at designated school functions. Extremes in clothing and appearance that are deemed immodest, distracting, or inappropriate will not be allowed. The CHS Administration will make final determinations about the appropriateness of student attire. The simple rule of thumb is when in doubt, don't wear it. Appropriate tops include:

- o T-shirts with moderate, appropriate writing
- o collared shirt with either long or short sleeves
- o turtlenecks and mock turtlenecks
- o sweaters including v-cuts
- o vests with appropriate shirt underneath
- o Young ladies may wear appropriate shirts and blouses
- o No Tank Tops or sleeveless UNLESS wearing a shirt underneath
- o NO REVEALING (midriff, butt, or cleavage) or
BELLY SHIRTS, BACKLESS or STRAPLESS tops

Pants should be in good condition (NO EXTREME RIPS), worn at waist level/No sag, and not drag on the ground. Skirts or Kilts must not be shorter than the tips of the student's fingers when their arms are straight by their side. Leggings must be covered by a shirt, skirt, or dress.

NOT ALLOWED include:

- o Mesh, sheer, or see-through clothing is not allowed.
- o All footwear must have backs or straps (**NO** Flip flops or slides).
- o No pajama pants are allowed
- o No sweatpants are allowed
- o Hats or Hoods **MAY NOT** be worn in the building except at times designated by the administration.
- o Large and distracting piercings are not allowed.
- o Shorts are based on weather but the general rule of thumb is:

- o Shorts may be worn up until Oct. 15th and after April 15th. Either date could change based on the discretion of administration.
- o NO Bathing suits, short shorts or cut-offs
- o Shorts must have pockets
- o Shorts must be mid-thigh to knee length.

Exceptions may be announced for special school events. On any designated "dress theme" day, the following rules apply:

- o No Clothing with offensive messages that reference sex, violence, drugs, or alcohol will be allowed
- o No revealing, immodest, or sheer clothing is permitted
- o No excessively ripped or torn clothes will be allowed

Because of this, we have defined a list of acceptable devices and appropriate time frames that students may use them. IPODS, IPADS, Kindles/Electronic Books, and personal laptops may be used during Morning Arrival and in the Classroom when authorized by a teacher. Cell phones are a different story. Although students may possess cell phones, THEY ARE NOT TO BE USED during the school day with the exception of BREAK and LUNCH periods. They can be used for planning and organization purposes but only with teacher permission. If a student uses/pulls out their

cell phone during the school day without permission, it may be confiscated. *Teachers MAY request cell phones be deposited prior to using the restroom facilities.*

TECHNOLOGY/COMPUTER ACCESS/USE POLICY

HEALTH & SAFETY

COMMUNICABLE DISEASE

The School is committed to the health and safety of the School community. In furtherance of ensuring the health and safety of the community, the School will promote understanding and prevention relating to communicable diseases, ensure fair and non-discriminatory treatment, and monitor guidelines and data issued by the Center for Disease Control and Prevention, the State of New Jersey, and local authorities.

It is recognized that communicable diseases of a more serious nature may pose significant health and safety risks. In response to concerns about such risks, the School requires that any student, staff member, vendor, visitor, or guest report immediately to administration any potentially communicable disease which the individual may have contracted. During an epidemic, pandemic or similar health crisis, the School further instructs any student that possesses symptoms of a communicable disease, or has a fever, refrain from attending classes, field trips and extra-curricular activities until the student is fever and/or symptom free for a period of at least twenty four (24) - hours, or otherwise instructed by the School or health authorities. If the School determines that a student presents a risk to the School community, the School may require that student to refrain from attending school, including classes, field trips and extra-curricular activities, for a designated period of time. The School will work with students and parents/guardians to make appropriate arrangements. In making such a determination, the school may consider: (a) documentation by a professional healthcare provider; (b) the symptoms possessed; (c) how long the person is infectious or has had symptoms; and (d) the severity of potential harm to third parties. Students may be required to provide documentation from a healthcare professional prior to returning to campus.

In furtherance of controlling the spread of diseases and infection, students should (i) avoid close contact with people who are sick; (ii) avoid touching their eyes, nose, and mouth; (iii) refrain from attending extra-curricular activities and field trips when they are sick; (iv) cover their cough or sneeze with a tissue, then throw the tissue in the trash; and (v) wash hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing their nose, coughing, or sneezing. If soap and water are not readily available, use an alcohol-based hand sanitizer.

During times of an epidemic, pandemic, or similar public health crisis, parents shall notify the School if the student has recently traveled outside of the United States or to an area designated as high risk. Students, and

parents of students, are encouraged to self-monitor/monitor the student for fever and other symptoms of a disease or virus following travel, during times of an outbreak or epidemic.

In the event of an epidemic, pandemic, or similar public health emergency, the School may cancel or postpone school trips and extra-curricular activities in furtherance of ensuring the safety of the school-community. When required by local, state or federal authorities, or when the School determines it is necessary, the School may close in furtherance of ensuring the health and safety of the School community. The School reserves the right to cancel classes, modify the School calendar, implement a distance learning program, and/or temporarily close the School's facilities.

During times of an of an epidemic, pandemic, or similar public health crisis, such as COVID-19, SARS, and zika, parents and students are encouraged to review guidelines provided by the Centers for Diseases Control and Prevention, World Health Organization and other Federal, State, and local authorities pertaining to: (1) travel risks; (2) reporting; (3) symptoms; (4) self-monitoring; (5) self-quarantine; (6) prevention; and (7) other health and safety information.

The School reserves the right to modify or supplement this policy.

INFECTION CONTROL

The School has and will continue to follow all guidelines issued by the Centers for Disease Control, Occupational Safety and Health Administration, the State of New Jersey, and local health authorities regarding infection control practices which may include (i) disinfecting facilities and surfaces, (ii) frequent hand-washing/sanitizing, (iii) ventilation, (iv) requiring employees, students, and visitors to wear a face mask/covering, (v) screening employees, students, and visitors; (vi) requiring employees and students to self-report symptoms and illnesses; (vii) requiring employees and students to report recent and intended travel, and (viii) other measures recommended by the State and health authorities.

The School expects its employees, students and parents/guardians to follow all laws, regulations, advisories and guidelines issued by authorities, and the School. In furtherance of infection control, if the School determines that a student presents a risk to the School community, the School may require the student to refrain from attending classes, field trips and extra-curricular activities, for a designated period of time.

This policy and the School's practices may be modified to conform to the current environment, and to comply with current standards.

ACKNOWLEDGEMENT OF RISK

COVID-19 is a contagious virus which is most commonly transmitted from person to person. The virus may also be transmitted by touching an infected object or surface. At this time, it is possible that there may be other methods of transmission which are unknown by experts and health authorities. While infection control measures and personal discipline will help mitigate the risk of exposure and/or infection to COVID-19 and other communicable diseases, all risks cannot be eradicated by the School. Parents and students acknowledge and agree that there are inherent risks that arise from entry onto the School's premises, use of the School's supplies and equipment, and through participation in the School's programs and activities. These risks include but are not limited to sickness, injury, harm, disability, and/or death. Parents and students accept and assume full responsibility for all such risks.

SCHOOL CLOSING OR LIMITED OPERATIONS

At times, emergencies such as severe weather, fire or power failure, acts of God, war, governmental action, acts of terrorism, epidemic, pandemic or other events beyond the School's control events ("Force Majeure Events") may disrupt the School's operations. If a Force Majeure Event occurs, the School reserves the right to cancel classes, implement a distance learning program, and/or modify the school calendar. The School further reserves the right

to cancel field trips, sporting events, and extracurricular activities. If any of the aforementioned occurs, tuition and other payments will remain due and owing and will not be refunded.

The School may modify or supplement this policy.
